

Eventide Balanced Fund

Class A (ETAMX)

Annual Shareholder Report - June 30, 2024

Fund Overview

This annual shareholder report contains important information about Eventide Balanced Fund for the period of July 1, 2023 to June 30, 2024. You can find additional information about the Fund at <https://www.eventidefunds.com>. You can also request this information by contacting us at 1-877-771-3836. **This report describes changes to the Fund that occurred during the reporting period.**

What were the Fund's costs for the last year?

(based on a hypothetical \$10,000 investment)

Class Name	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Class A	\$107	1.07%

How did the Fund perform during the reporting period?

For the year ended 6/30/2024, the Fund outperformed its primary benchmark. The Fund's equity positions outperformed its benchmark for the year across many sectors (IT, Industrials, Energy, and Utilities), while underperforming in Consumer Discretionary and Financials. The Fund's fixed income positions outperformed its benchmark due to the strength of corporate bonds versus treasuries. We believe the Fund is well-positioned in key growth themes (technology, AI, electrification, energy efficiency, and infrastructure). We remain focused on resilient companies led by excellent management teams and positioned for long-term growth. With lower interest rates, balanced strategies providing exposure to high-quality, dividend-growing equities, along with downside protection, may regain favor. We remain committed to resilient growth, strong financials, stakeholder value creation, and the overarching theme of human flourishing.

How has the Fund performed since inception?

The Fund's past performance is not a good predictor of how the Fund will perform in the future. The graph and table do not reflect the deduction of taxes that a shareholder would pay on fund distributions or redemption of fund shares. In connection with new SEC Rules on shareholder reporting, the Fund's performance information above is compared with a broad-based benchmark, Bloomberg US Aggregate Index, which represents the overall domestic bond market. In addition, the strategy benchmark, Bloomberg Mid Cap/Intermediate US Aggregate 50/50 TR Index, is included as the adviser believes it is more representative of the fund's investment universe.

Average Annual Total Returns

Fund Statistics		Average Annual Total Returns			
		1 Year	5 Years	Since Inception (7/15/2015)
